

SY SOREN

Stands Strong for Maximum Returns

Matching the best straw strength, yield and quality in a single variety that maintains high Fusarium head blight tolerance. Could be the most adaptable and balanced variety in the marketplace. No wonder growers have made it the second most-planted variety in North Dakota*

- High yield potential
- Very good Fusarium head blight tolerance
- Medium early maturity; semi-dwarf height
- Very high test weight and med-high protein
- Excellent straw strength
- Very good protection to foliar diseases
