

Hard Red Winter Wheat

SY SUNRISE

New Yield Levels on the Horizon

- Our highest yielding irrigated wheat
- High tillering, semi-dwarf plant type with good straw strength
- Good disease tolerance to stripe, leaf and stem rusts
- Excellent test weights with good winter hardiness
- Med-late maturity, medium maturity in northern areas of adaptation.

SY Sunrise requires a Seed Stewardship Agreement specifying No Saved Seed. Using certified seed every crop season provides growers the best opportunity to maximize the yield potential of the variety.
